

Do you echo our values?

At Sandy Brown, we are leaders with an excellent reputation and a world-class independent acoustic consultancy. We strive to be the best, so we need the best acoustic consultants.

We are currently looking for acoustic senior engineers and principal engineers to join our Manchester office.

To apply for a senior engineer role, you should:

- Hold a relevant acoustics degree, or an engineering degree coupled with the Institute of Acoustics (IoA) Diploma
- Have experience leading small to medium projects
- Be a Member of the Institute of Acoustics (MIOA).

For principal engineers, you should also have:

- At least 5 years project experience with MIOA and working toward CEng
- Experience and knowledge of managing medium-sized building acoustics projects from design through to completion
- Experience working as part of a design team and attending client meetings and knowledge of project resourcing and financing.

What we offer you:

- A competitive salary and benefits
- Remote and flexible working options
- A friendly and supportive environment
- The chance to work on ground-breaking projects
- The opportunity to develop your knowledge and experience.

If this sounds good, then email your CV and cover letter to Jason Swan at post@sandybrown.com
